Sir:

Applicant hereby submits the cover page for patent application Publication US-2003/0008606 A1.

The date indicated in the foreign application priority data is incorrect. The date should be changed from "July 5, 2001" to --July 5, 2000.--.

Please correct the foreign application priority date in any future publication of this patent application and in the patent to issue therefrom.

Respectfully submitted,

 5/18/05
George M. Thomas, Reg. No. 22,260

The invention relates to a device for processing poultry carcasses or parts thereof, comprising a conveyor having supports for retaining the carcasses or parts thereof, which conveyor is provided with means for leading the supports in a supply direction past at least one processing installation. The device further comprises a skinner for skinning the carcasses or parts thereof, which skinner is provided with skin gripping means for gripping the skin and means for moving the skin gripping means relatively with respect to the carcass and substantially perpendicular to the supply direction during skinning.
